

Stephanie Tram-Anh Nguyen, M.D., M.A.S.

Philosophy of Care	I believe in delivering holistic care to patients and their family with shared decision make and respect. It is an honor to be part of a patient care team that supports patients and their families navigate through complex medical issues. As a pediatrician, I especially enjoy caring from children from infancy to adulthood.
Clinical Interests	Dr. Nguyen is a pediatric nephrologist offering care for children with various renal conditions such as congenital renal abnormalities, hypertension, chronic kidney disease, kidney stones, dialysis, and renal transplantation. She has special clinical interest and expertise in the diagnosis and management of hypertension in children.
Research/Academic Interests	Dr. Nguyen's research and clinical interest focuses on improving the equitable outcomes for children with hypertension, chronic kidney and transplant.
